

Dear Oasis Friends,

It's been a long 15 months since we've last seen each other in person. For many of you, we know that this time has been especially difficult and we hope that Oasis's online presence has provided you with some sense of connection to your former routine and our lifelong-learning community.

As we all begin to look towards resuming more in-person activities, Oasis is turning to the results of our recent participant survey to plan the reopening of our center this September. We are encouraged to hear that over 99% of our survey respondents have been vaccinated and, while we understand that many of you can't wait to attend classes in person again, there are many others who wish to continue participating in online classes. With this in mind, Oasis will be providing a variety of opportunities for you to learn and connect both in person and online. We are still working out all of the details and will keep you updated as our plans become clearer. Until then, we hope you will find the online classes listed in this mini-catalog to be enticing and enriching!

Sincerely,

Anna, Janice, Karla, Leah and Sue

Join Us Online (for FREE)!

These **FREE** programs offer a great opportunity to connect with the Oasis community and try an online class.

The 2020-2021 Supreme Court session has been full of pivotal cases on important issues. Let our experts break them down for you.
