Dear Oasis Community,

As we welcome the fall semester, I am filled with optimism about the future of Washington Metro Oasis and the opportunities ahead for our community. Throughout 2026, I have had the privilege of seeing firsthand what makes Oasis so special: your curiosity, your enthusiasm for learning, and the meaningful connections that happen every day in our classrooms, wellness programs, and events. The energy you bring continues to inspire our work and shape our future.

This season represents an exciting step forward as we continue to strengthen and grow Oasis for the years ahead. Our goal is not simply to offer classes, but to create experiences that help adults stay engaged, active, connected, and inspired. As the needs and interests of our community evolve, so does Oasis.

In this catalog, you'll find a blend of favorite programs and new opportunities designed to deepen learning and encourage connection. We are expanding interactive offerings in areas such as art, mindfulness, and fitness, creating more ways to participate, explore new interests, and connect with fellow lifelong learners. You'll also see additional opportunities for social engagement through gatherings and special events that bring our community together beyond the classroom.

This fall also brings several thoughtful changes that will help position Oasis for long-term sustainability and impact. These updates allow us to continue investing in high-quality programming while preserving the welcoming and vibrant community that defines the Oasis experience. As always, our decisions are guided by our commitment to supporting lifelong learning, healthy aging, and meaningful connection.

Whether you are a longtime member or joining us for the first time, thank you for being part of this community. Together, we are building a place where friendships grow, new ideas flourish, and learning continues at every stage of life.

I look forward to seeing you this fall.

Warmly,

Leslie Pont
